THE Catalogue of Copyright Entries, Part 4, is arranged in two alphabets of proprietors, with subalphabets of titles as follows:

I. Containing titles for Class F, Engravings, Cuts and Prints; Class G, Chromos and Lithographs; Class H, Photographs.

II. Containing Class I, Fine Arts (giving a list of the photographs deposited according to law with the applications for copyright of Drawings, Paintings, Statues, Statuary, and Models or Designs intended to be perfected as works of the Fine Arts).

The Catalogue of Copyright Entries appears each week, but to avoid the inconvenience of a number of small alphabets of different subjects all the entries for Engravings, Cuts and Prints, Chromos and Lithographs, and Photographs, completed since the last issue, are arranged here in a single monthly alphabet. The entries for Fine Arts will be found in a separate alphabet following this.

The entries marked thus * are such as have been delayed inclusion in the Catalogue on account of necessary correspondence.

ENGRAVINGS, CUTS, AND PRINTS; CHROMOS AND LITHOGRAPHS; PHOTOGRAPHS; FINE ARTS

To save space the copyright notice after each title is abbreviated; the statement as to receipt of copies is always omitted when the copies are received on the day of entry. The entries for Fine Arts will be found in a separate alphabet following this.

The entries marked thus * are such as have been delayed inclusion in the Catalogue on account of necessary correspondence.

THE Catalogue of Copyright Entries, Part 4, is arranged in two alphabets of proprietors, with subalphabets of titles as follows:

I. Containing titles for Class F, Engravings, Cuts and Prints; Class G, Chromos and Lithographs; Class H, Photographs.

II. Containing Class I, Fine Arts (giving a list of the photographs deposited according to law with the applications for copyright of Drawings, Paintings, Statues, Statuary, and Models or Designs intended to be perfected as works of the Fine Arts).

The Catalogue of Copyright Entries appears each week, but to avoid the inconvenience of a number of small alphabets of different subjects all the entries for Engravings, Cuts and Prints, Chromos and Lithographs, and Photographs, completed since the last issue, are arranged here in a single monthly alphabet. The entries for Fine Arts will be found in a separate alphabet following this.

The entries marked thus * are such as have been delayed inclusion in the Catalogue on account of necessary correspondence.

I. Containing titles for Class F, Engravings, Cuts and Prints; Class G, Chromos and Lithographs; Class H, Photographs.

The Catalogue of Copyright Entries appears each week, but to avoid the inconvenience of a number of small alphabets of different subjects all the entries for Engravings, Cuts and Prints, Chromos and Lithographs, and Photographs, completed since the last issue, are arranged here in a single monthly alphabet. The entries for Fine Arts will be found in a separate alphabet following this.

The entries marked thus * are such as have been delayed inclusion in the Catalogue on account of necessary correspondence.

The act of March 4, 1909, going into effect July 1, 1909, provides that the Catalogue of Copyright Entries "shall be admitted in any court as prima facie evidence of the facts stated therein as regards any copyright registration."

THE Catalogue of Copyright Entries is published in four parts. Part 4, issued monthly, is arranged in two alphabets of proprietors, with subalphabets of titles, as follows:

I. Containing titles for Class H, Reproductions of a work of art; Class I, Drawings or plastic works of a scientific or technical character; Class J, Photographs, and Class K, Prints and pictorial illustrations.

Under the act of March 4, 1909, the preliminary entry of titles has been abrogated and registration follows deposit of copies with an application for entry in the Copyright Office.

An annual index of proprietors is furnished for this part in the December issue. The subscription price for Part 4, which must be for the complete calendar year, is $0.75 for the year 1909 and $0.50 for the year 1910, payable in advance to the Superintendent of Documents by postal money order, express order, or New York draft.

GOVERNMENT PRINTING OFFICE

1909

The act of March 4, 1909, going into effect July 1, 1909, provides that the Catalogue of Copyright Entries "shall be admitted in any court as prima facie evidence of the facts stated therein as regards any copyright registration."

THE Catalogue of Copyright Entries is published in four parts. Part 4, issued monthly, is arranged in two alphabets of proprietors, with subalphabets of titles, as follows:

I. Containing titles for Class H, Reproductions of a work of art; Class I, Drawings or plastic works of a scientific or technical character; Class J, Photographs, and Class K, Prints and pictorial illustrations.

II. Containing Class G, Works of Art (giving a list of the photographs or other identifying reproductions deposited according to law with the applications for copyright of Drawings, Paintings, Statues, Statuary, and Models or Designs for works of art).

Under the act of March 4, 1909, the preliminary entry of titles has been abrogated and registration follows deposit of copies with an application for entry in the Copyright Office.

To save space in the Catalogue the copyright notice after each title is abbreviated. The abbreviations used in this part are as follows: "G," Class G, Works of art; "H," Class H, Reproductions of a work of art; "I," Class I, Drawings or plastic works of a scientific or technical character; "J," Class J, Photographs, and "K," Class K, Prints and pictorial illustrations. "©" stands for copyright registration of a published work, followed by date of publication; "© 1 c." implies copyright registration of an unpublished work, followed by date of receipt in the Copyright Office of the photograph or other identifying reproduction, and "2 c.," for 2 copies, followed by the date of their receipt. In the case of pictorial contributions to periodicals, only one copy of the pictorial contribution is required.

An annual index of proprietors is furnished for this part in the December issue. The subscription price for Part 4, which must be for the complete calendar year, is $0.75 for the year 1909 and $0.50 for the year 1910, payable in advance to the Superintendent of Documents by postal money order, express order, or New York draft.

GOVERNMENT PRINTING OFFICE

1909

The act of March 4, 1909, going into effect July 1, 1909, provides that the Catalogue of Copyright Entries "shall be admitted in any court as prima facie evidence of the facts stated therein as regards any copyright registration."

THE Catalogue of Copyright Entries is published in four parts. Part 4, issued monthly, is arranged in two alphabets of proprietors, with subalphabets of titles, as follows:

I. Containing titles for Class H, Reproductions of a work of art; Class I, Drawings or plastic works of a scientific or technical character; Class J, Photographs, and Class K, Prints and pictorial illustrations.

II. Containing Class G, Works of Art (giving a list of the photographs or other identifying reproductions deposited according to law with the applications for copyright of Drawings, Paintings, Statues, Statuary, and Models or Designs for works of art).

Under the act of March 4, 1909, the preliminary entry of titles has been abrogated and registration follows deposit of copies with an application for entry in the Copyright Office.

To save space in the Catalogue the copyright notice after each title is abbreviated. The abbreviations used in this part are as follows: "G," Class G, Works of art; "H," Class H, Reproductions of a work of art; "I," Class I, Drawings or plastic works of a scientific or technical character; "J," Class J, Photographs, and "K," Class K, Prints and pictorial illustrations. "©" stands for copyright of a published work, followed by date of publication; "© 1 c." implies copyright registration of an unpublished work, followed by date of receipt in the Copyright Office of the photograph or other identifying reproduction, and "2 c.," for 2 copies, followed by the date of their receipt. In the case of pictorial contributions to periodicals, only one copy of the pictorial contribution is required.

An annual index of proprietors is furnished for this part in the December issue. The subscription price for Part 4, which must be for the complete calendar year, is $0.75 for the year 1909 and $0.50 for the year 1910, payable in advance to the Superintendent of Documents by postal money order, express order, or New York draft.

1909

The act of March 4, 1909, going into effect July 1, 1909, provides that the Catalogue of Copyright Entries "shall be admitted in any court as prima facie evidence of the facts stated therein as regards any copyright registration."

THE Catalogue of Copyright Entries is published in four parts. Part 4, issued monthly, is arranged in two alphabets of proprietors, with subalphabets of titles, as follows:

I. Containing titles for Class H, Reproductions of a work of art; Class I, Drawings or plastic works of a scientific or technical character; Class J, Photographs, and Class K, Prints and pictorial illustrations.

II. Containing Class G, Works of Art (giving a list of the photographs or other identifying reproductions deposited according to law with the applications for copyright of Drawings, Paintings, Statues, Statuary, and Models or Designs for works of art).

Under the act of March 4, 1909, the preliminary entry of titles has been abrogated and registration follows deposit of copies with an application for entry in the Copyright Office.

To save space in the Catalogue the copyright notice after each title is abbreviated. The abbreviations used in this part are as follows: "G," Class G, Works of art; "H," Class H, Reproductions of a work of art; "I," Class I, Drawings or plastic works of a scientific or technical character; "J," Class J, Photographs, and "K," Class K, Prints and pictorial illustrations. "©" stands for copyright registration of a published work, followed by date of publication; "© 1 c." implies copyright registration of an unpublished work, followed by date of receipt in the Copyright Office of the photograph or other identifying reproduction, and "2 c.," for 2 copies, followed by the date of their receipt. In the case of pictorial contributions to periodicals, only one copy of the pictorial contribution is required. Prior to July 1, photographs were designated as Class "H," subsequent to that date they became Class "J;" also under the old law Engravings, Cuts, and Prints were designated as Class "F."

An annual index of proprietors is furnished for this part in the December issue. The subscription price for Part 4, which must be for the complete calendar year, is $0.75 for the year 1909 and $0.50 for the year 1910, payable in advance to the Superintendent of Documents by postal money order, express order, or New York draft.
